

Eco Schools

Eco-schools are a national initiative which encourages schools to be more aware of their impact on the environment and implement plans to improve their levels of sustainability. Our Eco Committee look at 10 different topic areas and work alongside the rest of the school to make everyone aware of Local and National issues. These areas are:

- Energy
- Water
- Biodiversity
- School Grounds
- Healthy Living
- Transport
- Litter
- Waste
- Global Citizenship
- Marine

ECO-WARRIORS

Our Eco Committee meet regularly to lead good practice, monitor and evaluate and drive ideas forward. They do a great job in developing awareness of the 9 areas of the 'Green Flag Award' to the school and its wider community. These are a few of the jobs the children are currently undertaking.

Job	
Checking taps	
Checking lights/boards	
Litter picking	

Eco Code:

Go green!

Rubbish is rubbish, so always put it in the bin

Electricity must be saved.

Earth is special, keep it safe.

Never throw litter onto the floor.

Turn the taps off when you're finished.

Everybody must look after all of the environment.

Always compost if you can.

Make the world a greener place.
