

Crown Meadow First School
and Nursery

Together we: Dream, Believe, Achieve and Succeed

Walk to School Week 2021

Monday 17th May - Friday 21st May

During this week we all tried to walk to school.

Well done 3RB. You are the 'Walking Champions' of Crown Meadow!

" I enjoyed walking to school every day because I enjoyed walking through the countryside" Year 2

"I think you should be outdoors more because it keeps you healthy and helps your mental wellbeing!" Year 4

During Walk to School week we took part in a 'Stop Littering' competition. Our Eco committee choose the winners from Early Years, Key Stage 1 and Key Stage 2. Well done to everyone who entered. It took a really long time to decide the winners! The winning entrants are...

Early Years
Winner

Key Stage One
Winner

Key Stage Two
Winner

All year groups visited our forest school area and participated in a variety of activities.

Early Years- we made nature crowns

I found lots of leaves to put on my crown.

I love nature and finding different coloured leaves.

Year 1 - Shadow pictures and making pictures using natural objects

I liked making leaf kebabs in the forest.

We drew round our shadows in the playground.

Year 2 - We made bug houses.

"I liked going into Forest School and making the dens. I like to see nature"

"I enjoyed when we were making the little dens for the animals at Forest School. It would be useful for the animals"

"I liked making the houses in Forest School. I love to help animals"

Year 3 - We made a shelter for Stig (Stig of the Dump) to live in. We also used clay to design what we thought Stig would look like.

We enjoyed making a new home for Stig.

I liked hiding in the shelter we made for Stig.

Year 4 - We made kites using sticks and recycled bags. We also made shelters with our friends.

We used trial and error to make our dens. Everyone's dens were different.

I liked den making and working together with my friends. We put our ideas together and worked as a team.
