

Crown Meadow First School & Nursery

Key Instant Recall Facts

Year 1 - Autumn 1

Targets:

- * Recite the number names in order to 50 and beyond.
- * To add 0 or 1 to any number.

Children should be able to count to 50 confidently, easily and quickly. They should know the following facts. The aim is for them to recall these facts instantly.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Perhaps start off using this square and as confidence grows try without using any aides.

Also try starting at different numbers and asking your child to continue counting on from e.g. 25

Key Vocabulary:

What number comes next?

How many are there?

1 more than 4 is?

If I have 5 and I add 0 more, how many do I have now?

When you add 0 to a number, the number stays the same e.g.

$$0 + 0 = 0$$

$$1 + 0 = 1$$

$$2 + 0 = 2$$

$$3 + 0 = 3$$

$$4 + 0 = 4$$

$$5 + 0 = 5$$

When you add 1 to a number, the number increases by 1 e.g.

$$0 + 1 = 1$$

$$1 + 1 = 2$$

$$2 + 1 = 3$$

$$3 + 1 = 4$$

$$4 + 1 = 5$$

$$5 + 1 = 6$$

They should also know the commutative calculations e.g.

$$1 + 3 = 4$$

$$8 + 1 = 9$$

$$6 + 1 = 7$$

$$9 + 1 = 10$$

$$4 + 1 = 5$$

$$7 + 1 = 8$$

Helpful Hints

The secret to success is practicing little and often. Use time wisely- can you practice these KIRFs while walking to school or during a car journey?

Use interesting items to investigate- if you add 0 more sweets, how many do you have?
