

Crown Meadow First School & Nursery
PRIDE Values statement

Our vision for all of our pupils at Crown Meadow embodies our key school values (Empathy, Diversity, Curiosity, Independence, Resilience), represented by the anagram PRIDE. As children leave our school, we want to prepare them for any situations they encounter within their life and we believe these values underpin the type of people we want our children to become.

We want our children in Crown Meadow School to be to be creative thinkers, resilient learners and independent citizens and we believe our curriculum helps to shape pupils to become the best individuals they can be. At Crown Meadow First School, we provide a supportive, nurturing environment which allows our children to show empathy towards others within a diverse society, be curious and independent learners and demonstrate resilience through the wide curriculum activities on offer.

Together we: Dream, Believe, Achieve and Succeed.
