Children should say the following number names although they may not say them in order yet

Touch Counting

Children will sometimes count objects more than once or miss an object out that needs to be counted. Encourage your child to line up objects and touch each one as they count saying one number per object.

Take your finger, touch the object and count. Keep your finger on the object until you say the number. Touch and count each object you see.

Helpful Hints

The secret to success is practicing little and often. Use time wisely- can you practice these KIRFs while walking to school or during a car journey?

Numberblocks on Cbeebies is great for introducing your children to numbers in a fun way.

Key Vocabulary:

What number is that?

Can you find another number that is the same?

Can you find another number that is different?
